

2022 Warrior Ride Gear List

The first priority is **safety**, you **MUST** have/wear a helmet and taillight on your bike.

The second is comfort (keeping warm, dry, cool - depending on the weather). We suggest you start to pull your gear out soon to see if there is anything you need or would like to pick up for the ride. We want you to have an enjoyable time and having appropriate gear makes it much easier. **Also, please remember that your gear needs to fit in one duffle bag.**
